Thank you for your contribution to the Arts of the Samurai. Your generosity will help recover our work floor, providing a safe and functional place for our children and adults .

Arts of the Samurai provides part and full scholarships to children and adults based on need. Through our program, special needs children are given the help and attention they deserve to build confidence, listening, focus and attention skills, and to have a place where they know they are welcome and accepted, whether their parents can pay for it or not. Families are given special discounts so they can afford to study together, and we make it possible for adult students or adults in special circumstances to enroll. By teaching non-violence and personal responsibility, our mission is to improve our community through responsible martial arts. We welcome your contribution to ensure that we will continue to be able to provide this service.

Please fill out the form below and list your name/names exactly as you wish them to appear on the dojo wall.
